FOR IMMEDIATE RELEASE

Confidential Six Figure Settlement Against Big Box Retailer

Our 81 year old client approached the side entrance of a national big box retailer in Miami, FL when she slipped and fell on discarded plastic material outside the store. The store was undergoing renovations. Our investigation revealed that the plastic came from this construction. The store failed to maintain reasonably safe premises, failed to provide notice/warning of the premise's unsafe condition, and negligently created a dangerous condition. Store video captured the fall and arrival of the ambulance. As a result of the fall, our client fractured her right shoulder requiring surgery. The store denied liability. Litigation commenced resulting in a settlement at the mediation of the case. Our client was very happy with the outcome.
